The Historic American Landscapes Survey Northern California Chapter plans to meet the 2012 national challenge by documenting each of the 21 California Missions. It's our first statewide endeavor, and if we are awarded a cash prize we'll use the funds for future landscape documentation projects. See www.HALSca.org for more information and to download the short form template.

Short-form submittals are the easiest and most basic HALS documentation, and we're counting on you to volunteer to prepare a short form for a mission church site. Sign up early to document your favorite site! Contact Chris Pattillo at: pattillo@PGAdesign.com or call (510)550-8855.

Forms are due July 2012
